

Publications – April 2022

Emmanuelle Opsommer, PhD PT

Articles in international reviewed journals

2022

Korogod, N., Steyaert, A., Nonclercq, O., **Opsommer, E.** & Berquin, A. (2022). Can the French version of the short Örebro Musculoskeletal Pain Screening Questionnaire or its subsets predict the evolution of patients with acute, (sub) acute and chronic pain? *BMC Musculoskeletal Disorders*. 23:311 <https://doi.org/10.1186/s12891-021-04944-9>.

Chevalley, O., Truijen, S., **Opsommer, E.**, & Saeys, W. (2022). Physical functioning predictive factors for discharge destination in patients after stroke from a rehabilitation setting: a systematic review (submitted).

Korogod, N., Skuza, K., Bangerter, G. & **Opsommer, E.** (2022). Physiological effects of Therapeutic Body Wraps in healthy volunteers: an observational study (submitted).

Schoeb, V., Misteli, M., Kwan, C., Wong, C.W.Y, Kan, M.M.P., **Opsommer, E.**, Wong, A.Y.L. (2022). Experiences of community-dwelling older adults with chronic low back pain in Hong Kong and Switzerland – A qualitative study (submitted).

Opsommer, E. The patient's pain experience in spinal cord injury: a qualitative approach (in preparation).

2021

Maric, F., Chance-Larsen, K., Chevan, J., Jameson, S., Nicholls, D., **Opsommer, E.**, Perveen, W., Richter, R., Stanhope, J., Stone, O., Strimpakos, N., Vieira, A., Williams, M., Zuber, S., Söderlund, A. (2021). A progress report on planetary health, environmental and sustainability education in physiotherapy – Editorial. *European Journal of Physiotherapy*, 23(4): 201-202.

Sattelmayer, K.M., Chevalley, O., Kool, J., Wiskerke, E., Denking, L.N., Giacomino, K., **Opsommer, E.**, & Hilfiker, R. (2021). Development of an exercise programme for balance abilities in people with multiple sclerosis: a development of concept study using Rasch analysis. *Archive of Physiotherapy*. 11(1):29.

Opsommer, E., Chevalley, O., Pegito, I., & Demeulenaere, P. (2021). Transcultural adaptation and validation of a French version of the University of California, Los Angeles geriatrics attitudes scale (UCLA-GAS-F). *Archive of Physiotherapy*. 7;11(1):21.

Rausch, A.K., Baur, H., Reicherzer, L., Wirz, M., Keller, F., **Opsommer, E.**, Schoeb, V., Vercelli, S. & Barbero, M. (2021). Physiotherapists' use and perceptions of digital remote physiotherapy during COVID-19 lockdown in Switzerland: an online cross-sectional survey. *Archive of Physiotherapy*. 7;11(1):18.

Chevalley, O., Truijen, S., Saeys, W., & **Opsommer, E.** (2021). Socio-environmental predictive factors for discharge destination after inpatient rehabilitation in people suffering from stroke: a systematic review and meta-analysis. *Disability and Rehabilitation*, 18:1-12.

Christe, G., Crombez G., Edd, S., **Opsommer, E.**, Jolles, B.M., & Favre J. (2021). Relationship between psychological factors and spinal motor behaviour in low back pain: a systematic review and meta-analysis. *Pain*, 162(3):672-686.

Opsommer, E., Korogod, N., Stockinger, L., & Landmann, G. (2021). Multimodal sensory evaluation of neuropathic spinal cord injury pain: an experimental study. *Spinal Cord*, 59(8), 842-854.

2020

Opsommer, E., Chevalley, O., & Korogod, N. (2020). Motor imagery for pain and motor function after spinal cord injury: a systematic review. *Spinal Cord*, 58(3), 262-274.

Glannaz, M., Paley, A., **Opsommer, E.** & Degache, F. (2020). Effets d'un réentraînement à l'effort par intervalles sur la force musculaire après un accident vasculaire cérébral : Impacts à court et à long terme. *Mains Libres*, 3, 165-174.

2017

Opsommer, E., Rivier, G., Crombez, G., & Hilfiker, R. (2017). The predictive value of subsets of the Örebro Musculoskeletal Pain Screening Questionnaire for return to work in chronic low back pain. *European Journal of Physical and Rehabilitation Medicine*, 53(3), 359-365.

Landmann, G., Berger, M., Stockinger, L., & **Opsommer, E.** (2017). Usefulness of laser-evoked potentials and quantitative sensory testing in the diagnosis of neuropathic spinal cord injury pain: a multiple case study. *Spinal Cord*, 55(6), 575-582.

Opsommer, E., & Korogod, N. (2017). Mental practice for chronic pain in people with spinal cord injury: a systematic review protocol. *JBIC Database of Systematic Reviews Implementation Reports*, 15(8) 2004-2012.

Hilfiker, R., Knutti, I. A., Raval-Roland, B., Rivier, G., Crombez, G., & **Opsommer, E.** (2017). Erratum to: Validity and responsiveness of the French version of the Örebro Musculoskeletal Pain Screening Questionnaire in chronic low back pain. *European Spine Journal*, 26(1), 297.

2016

Mahnig, S., Landmann, G., Stockinger, L., & **Opsommer, E.** (2016). Pain assessment according to the International Spinal Cord Injury Pain classification in patients with spinal cord injury referred to a multidisciplinary pain center. *Spinal Cord*, 54(10), 809-815.

Opsommer, E., Zwissig, C., Korogod, N., & Weiss, T. (2016). Effectiveness of temporary deafferentation of the arm on somatosensory and motor functions following stroke: a systematic review. *JBIC Database of Systematic Reviews Implementation Reports*, 14(12), 226-257.

Opsommer, E., Dubois, J., Bangerter, G., Panchaud, R., Martin, D., & Skuza, K. (2016). Therapeutic Body Wraps in Swiss public adult acute inpatient wards. A retrospective descriptive cohort study. *Journal of Psychiatric and Mental Health Nursing*, 23(3-4):207-16.

Hilfiker, R., Knutti, I. A., Raval-Roland, B., Rivier, G., Crombez, G., & **Opsommer, E.** (2016). Validity and responsiveness of the French version of the Örebro Musculoskeletal Pain Screening Questionnaire in chronic. *European Spine Journal*, 25(9), 2741-2749.

2015

Ferchichi, S., & **Opsommer, E.** (2015). La pratique mentale pour la rééducation suite à un accident vasculaire cérébral. Un complément aux interventions conventionnelles pour la récupération de la fonction. *Kinésithérapie La Revue*, 15(160), 38-44 (Price for best article of the year in the review).

2014

Knutti, I. A., Suter, M. R., & **Opsommer, E.** (2014). Test-retest reliability of thermal quantitative sensory testing on two sites within the L5 dermatome of the lumbar spine and lower extremity. *Neuroscience Letters*, 579, 157-162.

Opsommer, E., & Schoeb, V. (2014). 'Tell Me About Your Troubles': Description of Patient-Physiotherapist Interaction During Initial Encounters. *Physiotherapy Research International*, 19(4), 205-221.

2013

Opsommer, E., Zwissig, C., & Weiss, T. (2013). Effectiveness of temporary deafferentation of the arm on somatosensory and motor functions following stroke: a systematic review protocol. *JBI Database of Systematic Reviews Implementation Reports*, 11(11), 112-124.

Opsommer, E., & Ferchichi, S. (2013). Traitement de la fonction du membre supérieur du patient hémiparétique. Synthèse de recommandations dans le cadre de l'accident vasculaire cérébral. *Kinésithérapie La Revue*, 13(133), 25-31.

Opsommer, E., Hilfiker, R., Raval-Roland, B., Crombez, G., & Rivier, G. (2013). Test-retest reliability of the Orebro Musculoskeletal Pain Screening Questionnaire and the Situational Pain Scale in patients with chronic low back pain. *Swiss Medical Weekly*, 143, w13903.

1999 - 2003

Opsommer, E., Guerit, J. M., & Plaghki, L. (2003). Exogenous and endogenous components of ultralate (C-fibre) evoked potentials following CO₂ laser stimuli to tiny skin surface areas in healthy subjects. *Neurophysiologie Clinique*, 33(2), 78-85.

Opsommer, E., Weiss, T., Plaghki, L., & Miltner, W. H. R. (2001). Dipole analysis of ultralate (C-fibres) evoked potentials after laser stimulation of tiny cutaneous surface areas in humans. *Neuroscience Letters*, 298(1), 41-44.

Opsommer, E., Weiss, T., Plaghki, L., & Miltner, W. H. R. (2001). Erratum to "Dipole analysis of ultralate (C-fibres) evoked potentials after laser stimulation of tiny cutaneous surface areas in humans" [Neurosci. Lett. 298 (2001) 41-44]. *Neuroscience Letters*, 314(3), 156.

Opsommer, E., Weiss, T., Miltner, W. H. R., & Plaghki, L. (2001). Scalp topography of ultralate (C-fibres) evoked potentials following thulium YAG laser stimuli to tiny skin surface areas in humans. *Clinical Neurophysiology*, 112(10), 1868-1874.

Opsommer, E., & Plaghki, L. (2001). Maturational changes in the thermoalgesic system in humans from childhood to adulthood revealed by CO₂ laser evoked brain potentials following cutaneous heat stimuli. *Neuroscience Letters*, 316(3), 137-140.

Opsommer, E., Masquelier, E., & Plaghki, L. (1999). Determination of nerve conduction velocity of C-fibres in humans from thermal thresholds to contact heat (thermode) and from evoked brain potentials to radiant heat (CO₂ laser). *Neurophysiologie Clinique*, 29(5), 411-422.

Articles (other)

2019

Lheureux, A., Nonclercq, O., Mathias, J-L., Korogod, N., **Opsommer, E.** & Berquin, A. (2019). Comment évaluer le risque de chronicisation d'une lombalgie ? *Louvain Medical*, 138 (6): 336-343.

Bangerter, G., Skuza, K., Korogod, N., & **Opsommer, E.** (2019). Mesurer les effets du packing. *Santé mentale*, 242 :76-77

2018

Maguire, C., & **Opsommer, E.** (2018). Übersetzung von «Evidence Summaries» – ein Kooperationsprojekt zweier Fachhochschulen. Traduction d'Evidence Summaries, une coopération entre deux hautes écoles spécialisées. *Physioactive*, 4 :43-44.

Lizarondo, L., Maguire, C., **Opsommer, E.**, Tharayil, S. Vöglin, J, Laisney, A., & Coullery, G. (2018). Best-Practice-Empfehlungen zur Physiotherapie bei lumbaler Spinalkanalstenose. Les meilleures évidences concernant la physiothérapie en cas de canal lombaire étroit. *Physioactive*, 4 :45-47.

2016

Opsommer, E., Knutti, I. A., Zwissig, C., & Eberlé, G. (2016). *La prévention et le traitement de la douleur de l'épaule après un accident vasculaire cérébral (AVC). Recommandations pour la pratique clinique* (www.best-sante.ch). Retrieved from Lausanne, Switzerland : https://www.guidelines.fmh.ch/index_detail.cfm?l=2&id=C3CDD145525F20EF73B3FDBF8ABC8CDF

2014

Landmann, G., & **Opsommer, E.** (2014). Zentraler Schmerz nach Schlaganfall. Trizyklika und Kalzium-Kanal-Modulatoren als Therapieoptionen der ersten Wahl. *Hausarzt Praxis*, 9(5), 20-24.

Papers at international conferences

Published in full in proceedings

2022

Landmann, G., Ernst, M., **Opsommer, E.**, Stockinger, L., Vollert, J., Baron, R. No difference in distribution of neuropathic pain clusters obtained by quantitative sensory testing in patients with central or peripheral neuropathic pain following spinal cord injury. Paper presented at the 12th Congress of the European Pain Federation, Pain in Europe XII, April 2022, Dublin, Ireland.

Kwan, C., Wong, A., Wong, C., Schoeb, V. & **Opsommer, E.** “It can't be helped. It's similar to the natural law”: Understanding community-dwelling older adults' attitudes and perceptions towards chronic lower back pain: A qualitative case study in Hong Kong. Paper submitted at the 2022 World Congress on Pain, 19-23 September 2022, Toronto, Canada, online.

Wong, A.Y.L., Kwan, C., Wong, C.W.Y., Kan, M.M.P., Opsommer, E. & Schoeb, V. A qualitative study on the concerns, needs and lived experiences of community-dwelling older adults with chronic low

back pain. Paper presented at CARLoquim 2022, A virtual conference for the chiropractic community, 1-3 March 2022 (<https://www.carlresearchfellows.org/carloquim-2022>).

Wong, A.Y.L., Kwan, C., Wong, C.W.Y., Kan, M.M.P., Opsommer, E. & Schoeb, V. Concerns, needs and lived experiences of community-dwelling older adults with chronic low back pain in Hong Kong – A qualitative study. Paper submitted at the World Physiotherapy Asia Western Pacific Regional Congress with HKPA, 18-22 June 2022, online (<https://www.worldphysio-awp2022.com/>).

2020

Opsommer, E., Chevalley, O., Demeuleanere, P. & Pegito, I. Undergraduate physiotherapy students' attitudes toward older patients in French-speaking Switzerland. Paper presented at ER-WCPT 2020 Congress, September 2020, Leuven, Belgium.

2019

Korogod, S.M., Korogod, N.S., & **Opsommer, E.** (2019). Temperature effects on activity of primary nociceptor neurons under inflammatory conditions. Paper presented at the EFIC conference, September 2019, Valencia, Spain.

Opsommer, E., Chevalley, O., & Korogod, N. (2019). Mental practice for chronic pain in people with spinal cord injury. Paper presented at the EFIC conference, September 2019, Valencia, Spain.

Korogod, N., Nonclercq, O., Berquin, A., & **Opsommer, E.** (2019). Validation of the French version of the short-form Örebro Musculoskeletal Pain Screening Questionnaire in predicting low back pain chronicity. Paper presented at the WCPT conference, May 2019, Geneva, Switzerland.

Zwissig, C., Hennemann, C., **Opsommer, E.**, Malatesta, D. (2019) Influence of botulinum toxin injection for lower limb on preferred walking speed and gait endurance in chronic stroke patients. Paper presented at the WCPT conference, May 2019, Geneva, Switzerland.

2017

Opsommer, E., Korogod, N., Stockinger, L., & Landmann, G. (2017). Abnormalities of brain evoked potentials in patients with and without neuropathic pain after spinal cord injury. Paper presented at the NeuPSIG conference, Gothenburg, Sweden. <http://neupsig2017.kenes.com/>.

Landmann, G., Korogod, N., Stockinger, L., & **Opsommer, E.** (2017). Sensory abnormalities in unaffected area in individuals with spinal cord injury with and without neuropathic pain, a quantitative sensory testing study. Paper presented at the NeuPSIG conference, Gothenburg, Sweden. <http://neupsig2017.kenes.com/>.

2015

Opsommer, E., Skuza, K., & Bangerter, G. Packs in Swiss public adult inpatient wards: A retrospective study. 19th International Conference of ISPS, "From DNA to Neighbourhood: Relationship and Experience in Psychosis - An International Dialogue" March 18 - 22, 2015, New York City.

2014

Opsommer, E., Stockinger, L., & Landmann, G. (2014). Central post-stroke pain explored by laser-evoked potentials and quantitative sensory testing: a multiple case study. *Clinical Neurophysiology*, 125(1), S87.

Opsommer, E., & Probst, I. (2014). Pain's experience in individuals with spinal cord injury: A qualitative study. *The Asian Journal of Gerontology and Geriatrics*, 10, 53.

Knutti, I. A., Suter, M. R., & **Opsommer, E.** (2014). Test-retest reliability of thermal quantitative sensory testing on two sites within the L5 dermatome of the lumbar spine and lower extremity. *Swiss Medical Weekly*, 144(207), 16S.

Landmann, G., Stockinger, L., & **Opsommer, E.** (2014). Usefulness of laser-evoked potentials and quantitative sensory testing in diagnoses of spinal cord injury pain: A report of 12 cases. *Swiss Medical Weekly*, 144(207), 15S.

Landmann, G., Stockinger, L., Mahnig, S., & **Opsommer, E.** (2014). Usefulness of the International Spinal Cord Injury Pain (ISCIP) classification in the pain management: A retrospective study. *Swiss Medical Weekly*, 144(207), 14S.

Opsommer, E., Stockinger, L., & Landmann, G. (2014). Central post-stroke pain explored by laser-evoked potentials and quantitative sensory testing: A multiple case study. *Swiss Medical Weekly*, 144(207), 16S.

1999 - 2011

Opsommer, E., & Schoeb, V. (2011). Tell me your troubles: a detailed observation of patient-physiotherapist interaction during initial encounters for low back pain problem. *Physiotherapy*, 97(S1).

Ding, S., Cordier, S., de Labrusse, C., Kiszio, B., **Opsommer, E.,** Perrenoud, B., et al. (2009). A collaborative initiative to develop evidence-based practice in nursing and allied health: The "BEST" project. *Acta Medica Portuguesa*, 5(22), 99.

Weiss, T., **Opsommer, E.,** & Miltner, W. H. R. (2003). Subjective and brain electrical responses to stimulation of different types of nociceptors. *Journal of Psychophysiology*, 17(3), 185.

Opsommer, E., Bragard, D., Plaghki, L., Weiss, T., & Miltner, W. H. R. (2000). Qualitative aspects of sensations evoked by laser stimuli intended to activate directly C-fibers terminals and allow recording of ultralate laser evoked potentials. *Clinical Neurophysiology*, S130 (PS20-03).

Opsommer, E., & Plaghki, L. (1999). The ultra-late CO₂ laser evoked brain potential obtained by direct and selective activation of C-fibers is not a P3 oddball potential. *International Journal of Psychophysiology*, 33(1).

Available as abstract

2022

Chevalley, O., Truijen, S., Saeys, W., & **Opsommer, E.** A review of predictive functioning factors for discharge home after inpatient stroke rehabilitation. Submitted Swiss Congress for Health Professions 2022, 1 et 2 septembre 2022, Neuchâtel, Suisse (<https://fkg-css.ch/schp/>).

Korogod, N., Skuza, K., Bangerter, G., Pinazza, B., Yersin, G., & **Opsommer, E.** Physiological and somatosensory responses to wet Therapeutic Body Wrap as compared to relaxing massage and rest in healthy volunteers. Submitted Swiss Congress for Health Professions 2022, 1 et 2 septembre 2022, Neuchâtel, Suisse (<https://fkg-css.ch/schp/>).

Opsommer, E., Chevalley, O., Demeulenaere, P., & Korogod, N. Undergraduate physiotherapy students' attitudes toward older patients in French-speaking Switzerland. Submitted Swiss Congress for Health Professions 2022, 1 et 2 septembre 2022, Neuchâtel, Suisse (<https://fkg-css.ch/schp/>).

2021

Korogod, N., Skuza, K., Bangerter, G., & **Opsommer, E.** Physiological and somatosensory responses to wet therapeutic body wraps in healthy volunteers. 2^{ème} congrès de coopération de REHA suisse et Physioswiss, 6 et 7 mai 2021 à Nottwil, Suisse (<https://www.reha-kongresse.ch/2021/fr/>).

Opsommer, E., Pinazza, B., Yersin, G., Korogod, N. Physiological and somatosensory responses to relaxing massage in healthy volunteers. 2^{ème} congrès de coopération de REHA suisse et Physioswiss, 6 et 7 mai 2021 à Nottwil, Suisse (<https://www.reha-kongresse.ch/2021/fr/>).

Chevalley, O., Truijen, S., Saeys, W., & **Opsommer, E.** A review of socio-environmental factors for discharge home after inpatient stroke rehabilitation. 2^{ème} congrès de coopération de REHA suisse et Physioswiss, 6 et 7 mai 2021 à Nottwil, Suisse (<https://www.reha-kongresse.ch/2021/fr/>).

2017

Korogod, N., Nonclercq, O., Berquin, A., **Opsommer, E.** Validation de la version courte en français de l'ÖMPSQ pour prédire la chronicisation de la lombalgie. Congrès national de la société française d'étude et de traitement de la douleur (SFETD), 16-18 Novembre 2017, Nice, France. (Travail avec une sélection du prix du jury de la SFETD).

Opsommer, E., Zwissig, C., Korogod, N., & Weiss, T. Effectiveness of temporary deafferentation of the arm on somatosensory and motor functions following stroke: A systematic review. Oral communication at the European Congress of NeuroRehabilitation, 25-28 October 2017, Lausanne, Suisse.

Zwissig, C., Hennemann, C., **Opsommer, E.**, & Malatesta, D. Influence of botulinum toxin injection on gait speed and endurance in adults with chronic stroke. Poster at the European Congress of NeuroRehabilitation, 25-28 October 2017, Lausanne, Suisse.

Dubois, M., Santschi, M., & **Opsommer, E.** The effectiveness of electrostimulation on hemiplegic shoulder pain and motor function after stroke: a literature review. Poster at the European Congress of NeuroRehabilitation, 25-28 October 2017, Lausanne, Suisse.

Opsommer, E., Korogod, N., Stockinger, L., & Landmann, G. Abnormalities of brain evoked potentials in patients with and without neuropathic pain after spinal cord injury. Paper presented at the Annual meeting of the Swiss association for the study of pain, 6th October 2017, Lausanne, Switzerland.

Landmann, G., Korogod, N., Stockinger, L., & **Opsommer, E.** Sensory abnormalities in unaffected area in individuals with spinal cord injury with and without neuropathic pain, a quantitative sensory testing study. Paper presented at the Annual meeting of the Swiss association for the study of pain, 6th October 2017, Lausanne, Switzerland. (Award of the best clinical research 2017).

Opsommer, E., Korogod, N., Stockinger, L., & Landmann, G. Abnormalities of brain evoked potentials in patients with and without neuropathic pain after spinal cord injury. Paper presented at the

Annual meeting of the Swiss Society of Neurology, (SSN), 28-29 September 2017, Interlaken, Switzerland. (Selection of the SSN).

Landmann, G., Korogod, N., Stockinger, L., & **Opsommer, E.** Sensory abnormalities in unaffected area in individuals with spinal cord injury with and without neuropathic pain, a quantitative sensory testing study. Paper presented at the Annual meeting of the Swiss Society of Neurology, (SSN), 28-29 September 2017, Interlaken, Switzerland. (Selection of the SSN).

2016

Mahnig, S. **Opsommer, E.** Perspectives and experiences of health-care professionals regarding pain management after spinal cord injury: a qualitative approach. PhysioCongress, 17-18 June 2016, Basel.

Opsommer, E., Rivier, G., Crombez, G., Hilfiker, R. The prediction of the return to work for patients with chronic low back pain based on the Örebro Musculoskeletal Pain Screening Questionnaire. PhysioCongress, 17-18 June 2016, Basel.

Opsommer, E., Zwissig, C., Knutti, I. A., & Eberlé, G. (2016). La prévention et le traitement de la douleur de l'épaule après un accident vasculaire cérébral (AVC). Recommandations pour la pratique clinique. Congrès annuel de la Société Suisse pour l'Etude de la Douleur, chapitre national de la Société Internationale pour l'Etude de la Douleur (IASP), 25 novembre 2016, Lausanne.

2015

Skuza, K., Bangerter, G., **Opsommer, E.** Packs in personal accounts and in medical records: Qualitative analysis. The 19th International Congress of the International Society for psychological and social approaches to psychosis (ISPS). From DNA to Neighborhood: Relationship and Experience in Psychosis – An International Dialogue. March 18 - 22, 2015, New York City (http://www.isps2015nyc.org/sites/default/files/ISPS2015_Program_FINAL.pdf).

Opsommer, E. Bangerter, G., Skuza, K. Packs in swiss public adult inpatient wards: A retrospective study. The 19th International Congress of the International Society for psychological and social approaches to psychosis (ISPS). From DNA to Neighborhood: Relationship and Experience in Psychosis – An International Dialogue. March 18 - 22, 2015, New York City (http://www.isps2015nyc.org/sites/default/files/ISPS2015_Program_FINAL.pdf).

2014

Landmann, G., Stockinger, L., **Opsommer, E.** Usefulness of laser-evoked potentials and quantitative sensory testing in patients with spinal cord injury pain: A multiple case study. Submitted to the International Spinal Cord Society (ISCOS) annual scientific meeting in Maastricht – September '14, 2014a, Maastricht.

Landmann, G., Stockinger, L., Mahnig, S., **Opsommer, E.** Usefulness of the International Spinal Cord Injury Pain (ISCIP) classification in the pain management: A retrospective study. Submitted to the International Spinal Cord Society (ISCOS) annual scientific meeting in Maastricht – September '14, 2014b, Maastricht.

Hilfiker, R., Rivier, G., Raval-Roland, B., Crombez, G. **Opsommer, E.** The patient global impression of change in an inpatient rehabilitation center for patients with chronic low back pain (CLBP). PhysioCongress, 13-14 June 2014, Bern.

Skuza, K., **Opsommer, E.**, Panchaud, R., Bangerter, G. Indications cliniques, efficacité et vécu de l'emballage humide (packs) en psychiatrie adulte. Communication à Klinik für Psychiatrie und Psychotherapie (KPP), April 2014, Liestal.

2013

Opsommer, E., Rivier, G., Raval-Roland, B., Crombez, G., Hilfiker, R. The prognostic value of the Örebro musculoskeletal pain screening questionnaire (OMPSQ) in chronic low back pain (CLBP). Communication at the annual meeting of the Swiss Pain Society (Swiss Chapter of the International Association for the Study of Pain), 5-6 December 2013, Biel, Switzerland. Proceedings of the annual meeting.

1996 - 2012

Ding, S., de Labrusse, C., **Opsommer, E.**, Richli Meystre, N. The governance and the activities of the « BEST »: a project developing evidence-based practice in nursing and allied health professions. International Society for Quality in Health Care, 21-24 October 2012, Geneva, Switzerland.

Opsommer, E., Hilfiker, R., Raval-Roland, B., Roten, V., Crombez, G., Rivier, G. Can the Örebro musculoskeletal pain screening questionnaire be used as an evaluative tool? Responsiveness in rehabilitation of patients with chronic low back pain. 14th World Congress on Pain IASP, August 27-31, 2012, Milano, Italy.

Hilfiker, R., Rivier, G., Raval-Roland, B., Roten, V., Crombez, G., **Opsommer, E.** Associations of six questionnaires with the patient global impression of change in an inpatient rehabilitation for patients with chronic low back pain. 14th World Congress on Pain IASP, August 27-31, 2012, Milano, Italy.

Opsommer, E., Raval-Roland, B., Crombez, G., Hilfiker, R., Rivier, G. Fiabilité du Situational Pain Scale (SPS) et de l'Örebro Musculoskeletal Pain Screening Questionnaire (OMPSQ) auprès de patients lombalgiques chroniques. PhysioCongress, 10-11 Mai 2012, Genève.

Opsommer, E., Schoeb, V. Tell me your troubles: a detailed observation of patient-physiotherapist interaction during initial encounters for low back pain problem. Communication at the annual meeting of the Swiss Pain Society (Swiss Chapter of the International Association for the Study of Pain), 17-18 November 2011, Interlaken, Switzerland. Proceedings of the annual meeting.

Ding, S., Cordier, S., de Labrusse, C., Kiszio, B., **Opsommer, E.**, Perrenoud, B., Ramelet, A.-S., Richli Meystre, N., Weyermann-Etter, S. A collaborative initiative to develop evidence-based practice in radiographers. European Congress of Radiology, 4-8 March 2010, Wien, Austria.

Opsommer, E., Schoeb, V. Tell me your troubles: a detailed observation of patient-physiotherapist interaction during initial encounters. Communication at the annual meeting of the Swiss Pain Society (Swiss Chapter of the International Association for the Study of Pain) 28-29 October 2010, Basel, Switzerland. Proceedings of the annual meeting.

Communication at the annual meeting of the Swiss Pain Society (Swiss Chapter of the International Association for the Study of Pain) 19-20 November 2009, Bern, Switzerland. Proceedings of the annual meeting.

Opsommer, E. Ultra-late (C-fibre) laser evoked potentials: exogenous and endogenous components, scalp topography dipolar source modelling. Communication at the annual meeting of the Belgian Pain Society (Belgian Chapter of the International Association for the Study of Pain) 18 March 2000, Brussels, Belgium. Proceedings of the annual meeting.

Opsommer, E., Weiss, T., Miltner, W.H.R., Plaghki, L. Ultra-late laser evoked potentials obtained by selective activation of cutaneous c-fibres: brain mapping and source dipolar modelling. Communication au Symposium 'L'imagerie cérébrale fonctionnelle : une fenêtre sur le cerveau'. Section 'Applications de l'imagerie cérébrale fonctionnelle en recherche fondamentale'. Centre de recherches en neurosciences, Université catholique de Louvain, 25 novembre 2000, Louvain en Woluwe, Belgique.

Opsommer, E., Plaghki, L., Weiß, T., Miltner, W.H.R. Ultra-late laser evoked potentials obtained by selective activation of cutaneous C-fibres: Brain mapping and source dipolar modelling. In 'Abstracts of the 9th World congress on pain' IASP Publications, 1999, Seattle, USA.

Opsommer, E., Masquelier, E., Dupont, G., Plaghki, L. Comparison of C-fibre conduction velocities estimated by thermal thresholds based on a thermode stimulator and by CO2 laser evoked brain potentials. II Congress of the European Federation of IASP Chapters (Pain in Europe) 24-27 September 1997, Barcelona, Spain.

Opsommer, E., Stouffs, P., Verwacht Q., Plaghki, L. Axon reflexes elicited by short CO2 laser stimulation of nociceptors in humans. Belgian Society for Neuroscience, 9-10 Mai 1996, Brussels, Belgium.

Others (Thesis, research report)

2022

Schoeb, V., Keller, F., Opsommer, E., Blasimann, A., König, I., Barbero, M. & Baur, H. (2022). Untersuchung der grösseren Physiotherapiepraxen der Schweiz. Mandatsschlussbericht (31.03.2022). Physioswiss.

2017

Opsommer, E. (2017). Traitement de la douleur de l'épaule après un accident vasculaire cérébral par stimulation électrique. Colloque inter secteur de la physiothérapie du CHUV le mardi 21 février 2017.

2016

Opsommer, E., Knutti, I. A., Zwissig, C., & Eberlé, G. (2016). La prévention et le traitement de la douleur de l'épaule après un accident vasculaire cérébral(AVC). Recommandations pour la pratique clinique. Présentation au colloque hebdomadaire de physiothérapie du CHUV – Département des neurosciences cliniques le lundi 18 avril 2016.

Opsommer, E., Zwissig, C., Korogod, N., & Weiss, T. (2016). Effectiveness of temporary deafferentation of the arm on somatosensory and motor functions following stroke: a systematic review.

Présentation au colloque hebdomadaire de physiothérapie du CHUV – Département des neurosciences cliniques le lundi 12 décembre 2016.

1992 - 1999

Opsommer, E. (1999). Ultra-late (C-fibre) laser evoked potentials: exogenous and endogenous components, dynamic scalp topography and dipolar source modelling. (PhD in Physical Therapy), Université catholique de Louvain, Louvain-La-Neuve, Belgique.

Opsommer, E. (1992). Les potentiels évoqués somesthésiques et le pronostic de l'hémiplégie. Mémoire de licence (Licence en kinésithérapie et réadaptation). Université catholique de Louvain. Louvain-La-Neuve, Belgique.
